

a winning combination

Introducing WIN-PAK® SE with VISTA Integration.

Honeywell's exciting new WIN-PAK SE with VISTA lets you quickly and easily add video surveillance and access control* every time you install a VISTA commercial security system—all from a single user interface. The result? One solution powerful enough to handle all of your customers' integrated security requirements—letting them expand their systems while you expand your business! What's more, the unique combination of intrusion, video and access control saves time and money by reducing training and labor.

Isn't it time you unlocked the possibilities?
